# Economic and political project territory

- A project : to give all people access to good foods
- One philosophy and methodology : the cooperation of all these actors from the producer to the consumer via the distributors

# To be an actor, that can be

**To interpret the best possible a role  
write by another person with  
obligation to produce results**

**Or  
Authorship of the own words  
in the logic of co-construction**

**We are betting to REV**

**REV : Creative resistance , proactive  
experimentation, transformative vision.**
